Norman Osborn  
Green Goblin

Sergei Kravinoff  
Kraven the Hunter

The bite of a genetically altered spider granted high-school student Peter Parker incredible, arachnid-like powers: strength, agility, a spider-like sixth sense warning him of personal danger, and most amazing of all-- Peter can walk on walls. When a burglar killed his beloved Uncle Ben, a grief-stricken Peter vowed to use his amazing abilities to protect his fellow man. He learned the invaluable lesson that with great power there must also come great responsibility!

Captain America, Iron Man, The Wasp, Thor, Hawkeye, The Black Widow, and Giant Man are THE ULTIMATES!! Brought together by the espionage agency known as S.H.I.E.L.D., The Ultimates serve as a super hero defense initiative protecting the world from whatever threatens to destroy it!

## PREVIOUSLY IN ULTIMATE SIX

After being apprehended by Spider-Man, The Green Goblin, Dr. Octopus, Sandman, Electro and Kraven the Hunter were being held in a S.H.I.E.L.D. containment center.

Now the worst has happened as all five have escaped. While Nick Fury took the Ultimates to search for them, the villains attacked and destroyed the Ultimates' stronghold, the Triskelion, and kidnapped Peter.

The Ultimates finally tracked them down on the White House lawn! After a brutal struggle which has devastated both sides, S.H.I.E.L.D. brings its last ace into play--the son of Norman Osborn, the Green Goblin-- Harry Osborn.

And this  
is what the  
great Nick Fury  
has sunk to...

Shoving  
my own child  
in front of  
me.

I came on my own.

He told me what you were doing and I-I told him I wanted to come and-and ask you...

Please, please stop this, Dad.

Please stop this.

Carrier, this is Stark. Load me Osborn's genetic sequence.

Loading.

You need to stop.

You have to stop.

OH MY YAAAGGHH!!

There was a terrorist attack on the White House.

It was an act of terrorism, but, for national security reasons, we will not be revealing any information until our investigations are complete.

See, I was juss biding my time.

Biding my time till I could, y'know, overpower Osborn.

My electric powersss were--

I was--see?

I was on your side.

Nick Fury and his group of Ultimates successfully fought off the attack.

The President is fine. He was unhurt during the attack.

The White House staff is fine.

The West Wing was locked down by the Secret Service seconds after the attack.

There were no casualties.

Just a couple of bumps and bruises to the fine men and women of the Secret Service who diligently kept the President out of harm's way while Captain America and the rest of the Ultimates group did the job they are trained for.

I-I-I, leesen, I was under some kind of m-m-mind control.

Otto Octopus or-or Osborn...

They had us under some kind of mind control.

Yeah. That's--yeah.

There are reports that Spider-Man--

I am not at liberty to go into details...

But the person you know as Spider-Man is sighted primarily in New York, I believe, and has no affiliation with this government.

He had no participation in today's attack.

Rumors that mutant--

Let me make it perfectly clear that this was not an act of mutant terrorism.

We have identified the culprits. We have them in custody.

This is not mutant related or the work of any country.

This is the work of sick men with an agenda of violence and terror.

The President wants me to take this moment to publicly acknowledge the amazing efforts of Nick Fury and all of his men and women... for standing between us and the work of violent madmen.

Everyone in this country owes these men and women their gratitude and support.

Where are my arms?

We chopped them up into little bits and melted them into slag.

They're gone, Doctor Octopus.

Bye-bye.

## THE TRISKELION

Headquarters and home of the Ultimates, the U.S. sanctioned superhuman task-force created by Nick Fury and S.H.I.E.L.D.

Ms. Pym.

Hi, Dave.

Well, your husband is in serious but stable condition.

Stable. Okay.

With his unique metabolism, well, you know- we've been playing a little guesswork here.

His unique genetics aren't *speeding up* the recovery, but they have *strengthened* it.

He is pulling through.

Your notes and files were very helpful.

He will recover.

Barring any unforeseen--

Thank you, Doctor.

We'll- uh- we'll call you if there's any change.

No, call General Fury.

Mr. Parker,  
please hurry  
up.

Are you  
taking me  
home?

Both you  
and your  
aunt.

My  
aunt is  
here?

This was  
the best place  
to keep her  
safe.

We don't  
have much  
time, so  
listen up.

She believes  
that *both* you and  
she were being kept  
*here* the whole  
time.

But that we  
kept you in separate  
locations for *security*  
reasons.

She was told  
that the two of you  
were picked up and  
held for protection  
from Norman Osborn,  
who escaped from  
prison, do you  
follow me?

So she thinks both she  
and I have been here  
the whole time in  
separate--

Exactly. And  
you don't *know*  
anything.

Nothing?

You  
don't know  
*anything*.

Is she  
okay?

She's  
fine.

No, I mean,  
like, is-is she  
mad?

Dunno.

On a  
scale of one  
to ten...

Are you okay? Are you all right?

Yeah, yeah, I've been sitting here for, like, *hours*.

Can we please go home?

Right this way, Ma'am.

This is all over? You caught this Osborn person?

Yes, Ma'am.

This is all over?

He is back in custody.

Where?

I'm sorry, Ma'am.

I can't tell you that.

But you are safe.

Just-just please take us home.

The End.
